

PATRON MEMBERSHIP of the BRITISH SOCIETY OF CINEMATOGRAPHERS

Since its inception in 1949, the British Society of Cinematographers Membership has consisted of some of the world's most esteemed cinematographers, many of whom have won international accolades and recognition for their outstanding contribution to the art of cinematography.

Today, the Society also incorporates a select range of Patron Members made up of some of the finest organisations within our industry; we are deeply grateful for their ongoing support.

The BSC thrives on interaction between its membership. To this end, we would like to remind you of the many benefits of BSC Patronage and the access to functions, events and networking opportunities that it facilitates. As with our full active membership, the criteria for BSC patronage is stringent and only encompasses well respected companies whom the BSC consider to have provided excellent service over a period of time to its membership and with whom the BSC would be proud to be associated.
